

PARTNERS in RECOVERY

South Eastern Melbourne

What is Partners in Recovery?

Partners in Recovery provides coordinated support for people with severe and persistent mental illness and complex needs.

We work with individuals, their carers, families and services to improve access to a range of supports across different sectors. We coordinate more streamlined access to clinical and other support services that are required to meet individual's needs.

Our Support Facilitators do not replace other services or provide case management.

They work with other organisations to ensure that the right services and supports are in place to improve the person's mental health and wellbeing.

Who is this program for?

The South Eastern Melbourne Partners in Recovery (SEMPIR) program covers the Local Government Areas of Cardinia, Casey and Dandenong.

We welcome referrals on behalf of any person who:

- has a diagnosed mental illness (or evidence of) that is severe in degree and persistent in duration; and
- has complex needs that require services from multiple agencies; and
- doesn't have existing coordination arrangements or requires additional support to meet their needs; and
- has indicated willingness to participate in the PIR program.

Consent to participate can be provided by a guardian.

Making a referral

To make a referral, or to speak to the team about a potential referral to the SEMPIR program please call 1800 862 363 or speak directly with a SEMPIR team member.

South Eastern Melbourne PHN is the lead agency for SEMPIR and leads a consortium of the following organisations: Care Connect, Dandenong and District Aborigines Co-operative, ERMHA, Launch Housing, Mental Illness Fellowship Victoria, Mission Australia, Mind Australia, Monash Health, South Eastern Health Providers Association, South Eastern Drug and Alcohol Service, Southern Migrant & Refugee Centre, Stepping-Up Consortium and WISE Employment.
